¹ Loans to non-financial corporations and to households refer to gross amounts on a domestic basis, and are not comparable with the amounts presented in the "Loans to customers" item (net amounts on a consolidated basis).

² Gross Domestic Product.

³ NPL (Non-Performing Loans) - Loans and advances that comply with at least one of the following conditions: (i) material exposures that are more than 90 days past-due; (ii) the debtor is assessed as unlikely to pay its obligations in full without realization of collateral; (iii) impaired assets, except incurred but not reported (IBNR) impairments; and (iv) defaulted credit, in accordance with the CRR prudential concept.

⁴ APB's calculation.
