Foreword

The Statistical Bulletin's main purpose is to periodically compile and publish financial and non-financial information on the Portuguese Banking Association (APB) member institutions.

This document (the First Half-year Statistical Bulletin) refers to the period ended on 30 June 2011 and contains comparative figures for 31 December 2010 and 30 June 2010. Information on the following APB Members: Banco Português de Negócios, S.A., Banco Efisa, S.A. and Novacaixagalicia (resulting from the merger between Caja de Ahorros de Galicia and Caixa de Aforros de Vigo, Ourense e Pontevedra (Caixanova)) was not included either in this or the last Annual Statistical Bulletin due to unavailability of data on date of publication.

Meanwhile, Finibanco ceased to prepare consolidated information after it was included in the Caixa Económica Montepio Geral Group's consolidation perimeter, following its acquisition by the group in March 2011. The consolidated financial statements of the Caixa Económica Montepio Geral Group published here therefore include Finibanco. Furthermore, some half-yearly cash-flow statements are not provided here as there are a few member institutions that do not prepare them (either for separate or consolidated purposes). This is the case of Portuguese branch offices of foreign institutions, some domestic institutions, such as Banco de Investimento Global, Banco Invest and Caixa – Banco de Investimento, and some foreign subsidiaries: Banco Bilbao Vizcaya Argentaria (Portugal) (on a consolidated basis), Banco Itaú BBA International (on a separate basis) and Deutsche Bank (Portugal).

The First Half-year Statistical Bulletin has a similar structure to that of the Annual Statistical Bulletin. Chapter I contains separate financial statements (balance sheet, income statement and cash-flow statement) for each member institution, while Chapter II contains their consolidated accounts. However, there are a few differences in terms of contents. Firstly, only financial information is compiled and disclosed in this document. Secondly, no information on corporate bodies, shareholder structure, group structure, geographical presence, human resources or banking coverage indicators on each member institution is provided. Hence, Chapters I and II contain only brief factsheets on each member institution.

As in the last Annual Statistical Bulletin, both separate and consolidated data were provided by each member institution in APB templates. The balance sheets and income statements in particular comply with the templates issued by Banco de Portugal.

As usual, this Statistical Bulletin will be available on the APB's website in PDF format. Some of its contents will also be available in Excel format.

The financial institutions included in this document and their groups' names (for purposes of reporting consolidated data) are listed on pages 7 and 8.

¹ At the end of 2010, Montepio Geral – Associação Mutualista acquired Finibanco, S.A. In March 2011, Caixa Económica Montepio Geral, which belongs to Montepio Geral – Associação Mutualista, acquired 100% of Finibanco, S.A.
